

1972 – MSc, Faculty of Mathematics and Mechanics, Sofia University “Saint Kliment Ohridski”

1977 – PhD, Faculty of Mathematics and Mechanics, Sofia University “Saint Kliment Ohridski”.  
Thesis: “On the Dirichlet Problem for a Class of Quasilinear Equations of Second Order with Nonnegative Characteristic Form”

1974 – 1977 Mathematician, Bulgarian Academy of Sciences, Section Differential Equations

1977 – 1984 Assistant Professor, Bulgarian Academy of Sciences, Section Differential Equations

1984 – Associated Professor, Bulgarian Academy of Sciences, Section Differential Equations

Fields of interest: Nonlinear Partial Differential Equations, Topological Methods in the Theory of Nonlinear Equations, Analytical Mechanics, Operational Calculus.
